Nature Kids Summer Camp

About Nature Kids Summer Camp

Established in 1987, Nature Kids Summer Camp is located just one hour away from downtown Snow Hill. Encompassing 20 acres of beautiful, rolling countryside, the camp has everything to teach your child about nature: a lake for fishing and swimming, stables, hills and woods for hiking and exploring, 17 cabins, a dining hall, and a common room. All camp counselors are professionally trained and certified in CPR. In addition, medical staff is on the premises at all times.

Outdoor Activities

Campers range in age from 7 to 17, with approximately 49 percent girls and 51 percent boys. Campers are divided into age groups to better address needs and abilities for camp activities, as shown in the schedule below.

- Swimming: small group swimming in the camp's pond supervised by certified lifeguards
- Crafts: each day, a different craft project will be completed, including beading, wood-burning, weaving, and leather-working
- Horseback riding: meander through the camp on horseback, accompanied by trained guides
- Canoeing: learn to navigate the lake using an authentic canoe (open only to ages 8 and up)
- Hiking: trek through the woods to learn about habitats, animals, and plants

Outdoor Activities Schedule (by age group)

	Monday	Tuesday	Wednesday	Thursday	Friday
7:00 a.m.	Horseback riding	Crafts	Swimming	Hiking	Canoeing
